

What Can a Hub Actually Do?

Here are 7 real things your Democraeon hub can do - starting now:

1. ****Adopt a Public Space**** - Post flyers, talk to people, leave tools.
2. ****Support a Protest**** - Bring signs, snacks, first aid, flyers, calm.
3. ****Map Local Power**** - Who controls housing, media, schools, safety?
4. ****Run a Civic Skillshare**** - Teach or invite others: design, protest safety, messaging, etc.
5. ****Remix Tools**** - Translate flyers, adapt for your issue or town, add QR codes.
6. ****Bridge Hubs**** - Connect with another town's hub. Share wins. Trade tactics.
7. ****Join a Live Project**** - Go to democraeon.org/projects and pick one.

This isn't a movement to follow. It's infrastructure to build with.

No permission. No hierarchy. Just tools, people, and purpose.

Start anywhere. Improve everything. The network grows with you.
