

# What Is a Hub?

A Democraeon hub is 2-3 people who act together.

No permission. No hierarchy. Just shared purpose and action.

You don't have to wait. You don't have to ask.

This kit gives you everything you need to begin.

# What You Can Do

- Host a conversation
- Post flyers around town
- Support a protest (signs, water, first aid)
- Share skills with neighbors
- Map local issues (housing, power, news)
- Build connections across hubs

You don't have to do it all.

Start with what matters to you.

# How to Start

1. Download this Starter Kit
2. Find 1-2 people who care
3. Name your hub (just for fun - or function)
4. Choose your first goal or project
5. Begin - and let others know they can too

# Example Projects

- Translate flyers into Spanish
- Coordinate voter registration
- Start a library for protest signs or tools
- Run a skillshare in your park
- Make a map of local political power
- Create a visual timeline of authoritarian moves
- Host a "Build Democracy" table at the farmer's market

You can use, remix, or invent your own.
